## **TREATMENTS**

Fusio-Dose treatments are instantaneous and will transform your hair for long lasting results. The boosters, five concentrated care formulas, are mixed with the concentrates, four powerful active ingredients, offering multiple combinations for a custom-designed approach to tackle a range of hair issues including frizz, moisture, volume and nourishment. Your Jo Hansford specialist will consult with you to recommend the best option for your hair needs.

Unlike conventional hair masks where caring agents are Emulsified in a liquid cream, K Water's healing power is dissolved in a clear liquid. This unique formula acts instantly upon the hairs fibre and rinses off easily for a weightless finish. This fast acting treatment ensures the hair is perfected in a matter of seconds. The immediate result is unbelievably sleek, fluid hair with a glasslike shine – K-shine.
